

TMHA LHE150

Powered hand pallet jack

The TMHA LHE150 is the new entry model perfect for light electric pallet jack applications. It can transport and lift loads up to 1500 kg. The TMHA LHE150 is available with li-ion technology for energy efficiency. It combines the features of a powered pallet jack with the flexibility of a pallet jack. The TMHA LHE150 is the perfect solution for hand pallet jack users who need that extra boost in productivity.

Lithium-ion battery for increased productivity

Pin code for access control

Effortless manoeuvrability, light and compact

Ergonomic design perfect for confined areas

Product specification

The TMHA LHE150 compact design is perfect for light applications in confined areas such as retail, shops and warehouses, as well as loading/unloading trucks. The TMHA LHE150 is ergonomic and can be manoeuvred effortlessly thanks to its tiller arm allowing it to work perfectly while on a vertical position. This pallet jack comes with a maintenance free Lithium-ion battery for fast and opportunity charging ensuring high availability and flexibility.
